

ARCHAEOLOGICAL  
SERVICES  
WYAS

# Archaeological Mitigation

Archaeological Services WYAS offers a comprehensive and competitive professional service throughout the United Kingdom.

We will address any archaeological requirements quickly and efficiently, to minimise the impact and cost of any archaeological intervention on your development.

Our complete range of in-house archaeology services include:

- Consultancy
- Desk-based research and reporting for Environmental Impact Assessments
- Evaluation by geophysical surveys and/or trial trenching
- Monitoring during topsoil stripping (Strip and Record or Watching Briefs)
- Full-scale excavations and Building Recording for final mitigation works
- Post-excavation processing, analysis and reporting of results
- Publication reports as required (booklets, monographs or journal articles)
